## EMPLOYER CERTIFICATION OF ELIGIBILITY FOR PUBLIC SAFETY OFFICER SURVIVOR BENEFIT TAX EXEMPTION

The Wisconsin Retirement System (WRS) annuity paid to the survivor of the participant named below may be eligible for an income tax exemption under the federal Taxpayer Relief Act of 1997 and the Fallen Hero Survivor Benefit Fairness Act of 2001. Please complete this form and return it to the Department of Employee Trust Funds (ETF) to certify that the participant's job and the circumstances of his or her death met the requirements of the federal law.

The federal Taxpayer Relief Act of 1997 and the Fallen Hero Survivor Benefit Fairness Act of 2001 provide an income tax exemption for survivor annuities paid to the surviving spouse, former spouse and/or children of public safety officers who have been killed in the line of duty. To qualify for this tax exemption, all of the following federal requirements must be met:

- The decedent must have been employed as a law enforcement officer, as defined in section 1204 of the Omnibus Crime Control and Safe Streets Act of 1968. This includes, but is not limited to police officers, corrections officers, probation and parole agents, and judicial officers. Firefighters, members of rescue squads, and members of ambulance crews are also eligible.
- The decedent must have been killed in the line of duty while an active WRS-covered employee.
- The annuity must be attributable to the officer's service as a public safety officer.

**Please be aware that not all protective category employees under the WRS fall within this definition.** For example, game wardens do not meet the federal definition of a "public safety officer."
